Born to Mr. and Mrs. E. L. Brown on May 14, a boy.

Irying Sypher of Nara Visa was in town last week on business.

Attorney S. W. Smith made a business trip to Floris, Monday.

Grandma Leniger has gone to Stevens county for a few weeks' visit.

While they last—some fine snaps in town lots at Ellsaesser & Henry's.

E. Dudley is having a well drilled on his lots at the corner of Third and Lincoln streets.

Mrs. Lulu Hammond of Goodwell visited Mr. and Mrs. E. H. Rich a few days last week.

Mr. and Mrs. Don Edwards of Plains were the guests of Mr. and J. W. Baughman last week.

L. H. Savage and son of Guymon were here a few days last week visiting friends and relatives.

Guymon and Hooker have at least reached the argument as to which will have the first state artesian well.

The trains into Sapulpa last week were all late. The reason given is that the trains encountered an army of caterpillars crossing the track.

T. W. Hubbard left for Des Moines the first of the week to look after a new office building there, recently bought by J. W. Baughman.

Do not put that dime into ice cream. Apply it on a town lot payment and you will have something to show for it. Ask Ellsaesser & Henry.

Marshall Gray had two men and teams out dragging the streets Monday and the idea met with the hearty approval of all who were not too busy to notice it.

P. P. Fifer who murdered Sheriff Martin of Hansford county, Texas, a few months ago, was tried last week and found guilty. He received a sentence of 99 years.

Mr. A. B. Fulmer and Mr. John Boles are assisting the Probate Judge, J. W. Campbell in the examination of the books in the office of Geo. Smith, County Treasurer.

H. G. Chapman and Wiggly Weidensaul have completed their bungalow north of the Weidensaul residence, and have been busy the past week getting ready to open up their new map business.

C. L. Calvert of McPherson was in town the first of the week looking after his land interests here. He is an old timer in this country, and seems to have some symptoms of wanting to come back.

Mrs. M. F. Cavanaugh is at Wichita at the present time quite sick at the hospital. She went down last week in company with Mr. Cavanaugh and expected to soon return home but she is not improving as rapidly as was expected.—Fowler Gazette.

Englewood is falling in line these days, and is now talking of a new railroad from Anthony to Raton, N. M. The new road is known as the Southwestern Kansas and Colorado. Petitions for bond elections will soon be held in Clark county. It is said that the road has been surveyed to the Meade county line. It will be a pretty big job for Liberal to take care of all the railroads that are headed this way, but we'll try our best when they get this far.

Vaudeville Was Good

The rain Friday night was probably responsible for the small crowd at the Opera House when the curtain went up for the first act of the vaudeville given under the auspices of the club. The audience was delighted with the entire performance. It was one of the best attractions the town has had this season, and was more greatly appreciated because of the friends of the caste who were in the audience. Miss Gem Vaughn deserves great commendation for the excellent training of the little tots. The music under the direction of Miss May Flood was the best we have had this winter. Every number received liberal applause and numerous encores were given. Tuesday evening, at the request of a number of people who did not see the first performance, it was repeated at the Opera House. Many who were at the show at its initial presentation went the second night, when several new numbers were given.

By using the Campbell Varnish Stain Graining process you can produce a fine effect over any old discolored floor. First apply the Ground Color, then the Surfer, going over it with the Graining Roller: finish with Campbell's Varnish Stain, Light Oak or any desired shade. It wears like iron. Ask Chas. Taylor & Co.

The Angell Sisters

The Angell sisters have been here this week, at the Elite theatre and have been pleasing large crowds there every night. The Angell family is one of the most prominent on the stage today, as it includes three generations of theatrical people. Joe Angell, the prominent black-face comedian, is the older brother of the Misses Gertrude and Edith Angell who are here this week. The Angell brothers, who are now playing a twenty-four weeks engagement at the La Salle theatre in Chicago, are uncles of the sister team here now. Last fall, Mrs. Angell, who was an instructor in the Academy of Dramatic Art in Chicago, was in bad health. Her two daughters decided that she should go to California, and without her knowing it, made the arrangements for the trip, and sent her to Long Beach for the winter. They worked through the season in Chicago, then went to the coast. Mrs. Angell's health was very much improved by the change in climate, and the two plucky daughters started home with her. They are

working their way to Chicago now. The act they are presenting here is taken from a musical comedy which they played in Chicago last winter. They are both very pretty girls, and sing and dance well. They will play here every night this week and will give a special matinee Saturday afternoon for the out of town people. Manager Nix is indeed fortunate to secure such a team for his theatre here, which has been crowded every night during the stay of the Angell sisters.

THE WEAK POINT

About most wheel implements is the oiling device.

This is admitted by all implement makers, and they are all making so-called "Dust Proof Boxes" to overcome the trouble.

"Old Man Brown" as the boys call him, who has been with the John Deere Plow Co., for twenty-five years says: "The only way to make a Dust Proof Box is to make it right in the first place, then fill it and keep it so full of good hard oil that dust and sand can't get in."

That was well said. So far, no one has made a box that will absolutely keep out the dust any other way, but it may be so well made that it can be kept oozing over with grease. When the dust touches this it becomes mud, but can not work into the box.

Deere Wheel tools have screw caps at the outer ends of the boxes, and flanged collars at the inner ends. This wheel is found on Cultivators, and Gang Plows and Listers. It is a
